

## Tugboat Enterprises Adds Gravitas to Sales Team

**Date: April 29, 2008**

### **For Immediate Release**

The newest member of the Tugboat Enterprises Sales and Business Development Team has a long history of success and experience. Paul D. Pennings has joined the company and will be working with Paul Flanagan, Vice President Sales and Business Development for Tugboat Enterprises.

"We're lucky to have Paul Pennings on board with us," said Flanagan. "He is a seasoned executive with a proven track record of success. He has worked extensively with breakthrough technologies that allow enterprise class customers to increase margins, lower cost of service and increase customer / end-user satisfaction and productivity."

Judi Tyabji Wilson, CEO of Tugboat Enterprises Ltd. is very pleased with this new member of the team. "His background is impressive and gives him the perfect range of experience to work with Tugboat," said Wilson. "His work with such companies as 4 Points Technologies, Sun Microsystems and other industry leaders makes him a perfect fit for us."

Pennings says he's anxious to show **Selkie Software** to the world. "This is such a forward-thinking company with groundbreaking technology," he said. "Windows users everywhere need **Selkie Software**. I'm excited to be on the team."

Tugboat Enterprises Ltd. is a software development company that specializes in file migration and data recovery software. Their flagship product line, **Selkie Software**, features products to help computer users easily and quickly transfer data between computers, keeping information in the same order as it was on the original computer. **Selkie Rescue Migration & Data Recovery** can also bypass a non-functioning Windows Operating System to recover data files with only three key strokes. It has received several industry awards and international acclaim. It is quickly becoming the preferred software for fast, easy, secure data migration and recovery.

Other products by Tugboat Enterprises include **Selkie IT Edition**, which is geared specifically towards technicians, **Selkie Quick File Transfer**, **Selkie Photo Rescue**, **Selkie Music Mover**, and **Selkie Email Rescue**.
