

**Applied**  
COMFORT

## Introducing the Applied Comfort 16

**The Applied Comfort 16 is a cost effective replacement for the following units:**

- AAF Series 16
- AAF AWY, BWY, CWY
- AAF Enersaver
- Islandaire EZ 16
- McQuay AAF ENR, PNES
- Nelsonaire 16
- Retroaire RC 10
- Simon-Aire SS16

The R410A 16+ units have been engineered for optimum energy efficiency.

Each model is submitted for 3rd party lab testing to ensure the highest level of safety and performance.

You will appreciate the quality and attention to detail, as well as the price tag compared with the alternatives.

### Electronic Touchpad Controls

- Unit mounted touchpad
- Large LED readout
- Two speed room fan control
- Electronic temperature limiting
- Remote thermostat ready
- EMS Energy management system ready
