VSS Announces New Companies: LOGIC Solutions Group & Information Insights

FOR IMMEDIATE RELEASE

VSS, a leading IBM Premier Business Partner and acknowledged information technology leader, is pleased to officially announce the formation of LOGIC Solutions Group (“LOGIC”) and the acquisition of Information Insights.

The formation of LOGIC includes seasoned personnel from VSS, combined with industry professionals from other global tier 1 software and consulting companies. LOGIC is focused on delivering strategic consulting and enterprise business solutions enabled by industry leading software solutions and methodologies. As LOGIC is welcomed into the VSS group of companies, it is believed that their combined experience and deep industry expertise will provide true value to VSS clients. LOGIC serves as a trusted advisor enabling VSS clients to achieve their business objectives and obtain real results.

Acquired by VSS in 2010, Information Insights is a software solutions provider focused on helping companies improve enterprise data management. With deep technical expertise and complex data experience, Information Insights delivers end-to-end solutions and services including significant experience in the legacy application space. Today in 2012, Information Insights has become a brand in Data Quality, Data Lifecycle and Data Security.

As part of VSS' continuing expansion, the formation of LOGIC and the acquisition of Information Insights enhances the enterprise business solutions that VSS offers to clients. The VSS Companies now have the capabilities to address a wider span of enterprise requirements that enable delivery of the following solutions:

- Datacenter Optimization
- Strategic Consulting
- Collaborative Business Solutions
- Information Data Management
- Mobile Solutions
- Business Process Assessment
- Cloud Computing
- Enterprise Security
