THE VSS COMPANIES

END-TO-END ENTERPRISE SOLUTIONS
WITH VSS, LOGIC & INFORMATION INSIGHTS

VSS is a technology solutions provider focused on optimizing datacenter operations for our clients. As an IBM Premier Business Partner, VSS serves over 500 clients across the United States and delivers the very best in innovation and value. In addition, VSS owns and operates two entities - LOGIC Solutions Group and Information Insights. LOGIC is focused on strategic consulting and enterprise business solutions enabled by industry leading software solutions and methodologies. Information Insights is focused on enterprise data management solutions surrounding data quality, data lifecycle and data security. The investment in this dynamic group of companies empowers VSS to deliver end-to-end technology solutions for our clients.
