

Your **GATEWAY**
to **QUALITY** online
education...

When my husband and I began looking for online private schools for our two children, we did our research first. As members of the FPEA (Florida Parent Educators Association) we looked into and interviewed several online schools, both public and private, at their annual conference. We kept coming back to Forest Trail Academy as our number one choice.

---- Kris. G.

- We provide K-12 curriculums that are aligned and articulated with state and national standards for university and college acceptance while promoting academic **EXCELLENCE**.

- Forest Trail Academy is an Accredited Private School providing **QUALITY** online and distance education worldwide.

I'm currently a Junior at Forest Trail Academy. Let me just start off by saying Forest Trail Academy saved me!!! The administration and teachers are WONDERFUL!!!! They will do anything to help you out in any way! The teachers respond within 24 hours of your question. Teachers will also schedule chat times each week so you can go in the chat room that the school provides, where you can ask questions and receive help! You are able to get classes done so much faster than if you were attending a public school!

---- Kelli M

Forest Trail Academy was a fantastic choice in schooling. Besides being affordable, the student-teacher communication is fantastic for an online school. That's priceless and the key selling point.

---- David Y.

ACCREDITATIONS - MEMBERSHIPS - PARTNERSHIPS

The school even has a virtual student lounge, virtual clubs, student chats and teacher classroom chats...all the things that allow the children to really connect with their school and other students, even from their own home if they choose to. This has been a wonderful first year for us at Forest Trail Academy. We recommend this school to everyone we know. The children plan on graduating high school with Forest Trail Academy. We highly recommend this as a first choice alternative to public schools!

---- Kris G.

I enrolled my son last year and we are very pleased with the outcome. I would recommend this school to anyone looking for an alternative to public school.

---- Notoril M.

Propelled my daughter into the Forest Trail program this school year, and I have been very pleased. I would highly recommend this site to anyone who is looking for an education for his or her child outside the conventional classroom setting. I have never called or e-mailed them about anything, that I did not receive a prompt reply. Everyone is thoughtful and helpful!

---- Shunda C.

Forest Trail Academy is an awesome school. The faculty and staff have an exceptional attitude towards facilitating the success of their students' academic goals. Forest Trail Academy is a great asset in preparing my child for college.

---- Titia C..

OUR MISSION

The mission of Forest Trail Academy is to provide academic, cultural, and pragmatic excellence worldwide by developing student leadership, team concepts, and life-long learning in a holistic online academic and work environment.

OUR CORE VALUES

Flexibility. High Academic Performance. Accessibility.
Respect. Trustworthiness. Individualism.

The curriculum in Forest Trail Academy is self-paced, so you can study anytime you want. I graduated pretty early because I studied really hard. The courses are challenging and educational. The flexible schedule gave me plenty of time when it comes to college application, and I'm off to a top engineering university this year.

---- Lady M.

*I'm 16 and sending out applications to colleges. There's no way that I could have been doing that without the help of FTA. I recommend that every parent send their child here! *** Future students: You will LOVE it!*

---- Brittany W.

DIRECTOR

Dr. Chung

At Forest Trail Academy, it is both our challenge and our commitment to remain updated concerning innovations of online instructional modality to ensure that our students are exposed to critical skills that are necessary for success in both their future educational endeavors and workplace experiences.

Enrolling in Forest Trail Academy is an agreement with this school, and requires commitment from parents and students. In turn, Forest Trail Academy honors that agreement in our commitment to support, challenge, and encourage the academic abilities and efforts throughout our students K-12 academic school years.
