

# ICD-10 TRAINING FOR CDI PROFESSIONALS

**EFFICIENT, SELF-PACED,  
ENTIRELY ONLINE**

**Career Step** in partnership with YES HIM Consulting, Inc. offers **The ICD-10 Solution™**, a comprehensive suite of ICD-10 training programs tailored to the diversity of healthcare settings and roles. Some of the most respected healthcare organizations in the nation have chosen Career Step to provide ICD-10 training because of its superior instructional design and targeted approach to skills-based learning.

Career Step is a provider of AHIMA and AAPC certified training with over 20 years experience expanding and updating the skills of healthcare professionals. Available anytime, anywhere, Career Step training is entirely online through laptops, tablets, and mobile devices so individuals can learn at their own pace and schedule.

**The ICD-10 Solution™** contains a complete set of programs to thoroughly prepare Clinical Documentation Improvement professionals for the transition to ICD-10:

- **ICD-10 CDI Workshop**

Designed for existing ICD-9 CDI professionals, this 20 hour course covers the fundamentals, guidelines, and implications of ICD-10-CM and PCS and presents an increasing complexity of practice cases for optimal learning and retention.

- **ICD-10 Specialty Training**

Concise, 1-hour modules covering high-volume, high-value scenarios in each of 24 different specialties.

- **ICD-10-CM/PCS Training and Biomedical Sciences Education**

Designed for new CDI professionals, this program provides an in-depth foundation and extensive practice in ICD-10-CM and ICD-10-PCS coupled with medical terminology, pathophysiology, and anatomy.

Some of the largest and most respected names in healthcare have chosen Career Step as their ICD-10 education provider. **Why should you settle for anything less?**
