PROPERTY PRESERVATION PROCESSING

The moment you entrust us with your property preservation processing needs, we make it our goal to update and submit the orders within the time frame. We at RPR services, carefully analyze all photos of the property, ensure it's bids and only then submit the work orders.

Creating an order, updating it on the client's portal and processing it in a timely manner makes it more hectic for the Specialist getting him to lose his sleep over the night. Creating an order, updating it on the client's portal and processing it in a timely manner makes it more hectic for the Specialist getting him to lose his sleep over the night.

Our Basic Services include but not limited to:

- Photos download from websites, Cloud, FTP etc.
- Labelling of photos and re-arranging them before, during and after action
- Bidding per photos analysis
- Invoicing as per standard price sheet
- Creating reports such as PCR, conveyance condition etc
- Processing orders like initial secures, bid approvals, mold remediation, conveyance conditions, sales clean, securing, deed-in-lieu etc

Why US?

- Reduce Direct Labour cost.
- Improve report accessibility & distribution with us.
- Reduce IT Responsibility.
- Eliminate HR staff recruitment.
- Take advantage of single source company with all your needs.
