A person's hands are shown holding a tablet computer. The screen displays a real estate market monitoring application. At the top, there are several filter tabs and dropdown menus. Below these, there is a line chart titled "Showings Per Listing" which shows three data series: a blue line, a red line, and a brown line. All three lines show an overall upward trend over time. The background of the image is a blurred outdoor setting.

# About

## ShowingTime

ShowingTime is the leading market stats and showing management technology provider to the residential real estate industry. Its MarketStats division provides interactive tools and easy-to-read market reports for MLSs, associations, brokers and other real estate companies. Its showing products and services take the inefficiencies out of the appointment scheduling process for real estate professionals, buyers and sellers, resulting in more showings, more feedback and quicker sales. The ShowingTime mobile app equips users to schedule showings, review appointments, generate reports and more. ShowingTime products are used by 190+ MLSs and associations representing more than 900,000 real estate professionals across the U.S. and Canada.

For more information, visit [www.showingtime.com](http://www.showingtime.com).

## ShowingTime Showing Index®

The ShowingTime Showing Index® tracks the average number of buyer showings on active residential properties on a monthly basis. Our national and regional indices are computed based on approximately 110,000 listings from 25 local markets across the U.S. Our methodology focuses on properties listed by agents subscribing to ShowingTime's full appointment management solutions at the agent and office levels. It includes all buyer showing appointments requested or logged across all ShowingTime systems, including ShowingTime for the MLS, ShowingTime Front Desk and ShowingTime Appointment Center.
