

YORK REGION CONSUMERS MEET WITH... DR. ANDREW SCOTT *from* SCOTT FAMILY CHIROPRACTIC

Scott Family Chiropractic is a first year Consumer Choice Award winner in the category of *Chiropractors* in the region of York. The company has been in business since 1996 and is York Region leading Chiropractic Care Service Provider.

WHAT DOES IT MEAN FOR YOUR COMPANY TO BE VOTED BY CONSUMERS AS YOUR CITY'S BEST?

This is such a wonderful honour. We love helping people reach their goals in life by expressing better health. For generations, our family has been helping the citizens of Vaughan express better health. Being selected for this award is a true pleasure and a testament to the work that we have been doing in the community.

WHAT SETS YOU APART FROM YOUR COMPETITORS?

Our family teaches about living abundantly healthy by first practicing what we preach. Our goal is to not focus on symptoms alone, but rather addressing the cause of symptoms. We realize that each patient carries the best doctor inside of them.

So many people are not experiencing great results with health care because they are not being shown how to help their body heal as it was intended.

HOW WILL WINNING THIS AWARD AFFECT THE WORK YOU DO MOVING FORWARD?

We are determined to help more people in our community express health to their full potential. Far too many people today are experiencing a health crisis because they have never been shown how to help their body heal. We are excited to help more people see a transformation in their health. We will accomplish this by not only helping people feel better, but more importantly, showing them how to heal better, too.

WHAT IS THE BIGGEST RISK YOU HAVE EVER TAKEN IN BUSINESS?

The biggest risk we have taken in our business is trusting in the innate wisdom of the body to heal itself. Over the years we have witnessed so many miracles happen with our patients. These happened because the body was given an opportunity to express better health through removal of interference in the nervous system.

BUSINESSWISE, WHAT IS YOUR NEXT BIG STEP?

The next big step for Scott Family Chiropractic is to create opportunities for more people to learn and experience the methods we use to help people express better health. We are excited to make more bridges for people to come from a life of trying to suppress symptoms in their body, to a life of living more abundantly by having their body heal and repair in a more optimal and long-term way.

BUSINESS MOTTO

Empower families to live healthier through compassion, education and life changing chiropractic care.

LOVE IN MY JOB

Working with all ages and stages of life. On any given day in our clinic we see babies, children, young families, seniors and every age in between.

LEARNED ON THE JOB

We are constantly learning new and profound ways to help the body heal better.

BIGGEST SUCCESS

Helping thousands of people optimize their healing potential by removing interference to the master control system of the body, the nervous system. Identifying and correcting this interference in so many people has resulted in so many people being able to improve the quantity and quality of their lives. This makes what we do so incredibly rewarding.

DAILY, I TRY TO

Practice living the lifestyle I teach.
