FEMALE-OWNED SERVICES COMPANY LAUNCHES NEW PRODUCT LINE
TO ADDRESS WELLNESS FOR BOTH PEOPLE AND PETS.

THE NEW AND INNOVATIVE 'QUIVER QUINTESSENTIALS' IS JUST ONE NEW ASPECT OF A TOTAL 360-DEGREE
WELLNESS COMPANY.

Dallas, Texas and Salt Lake City, Utah [March 19, 2021]: A female-owned services company launches a new product line to address wellness for both people and pets. The new and innovated 'Quiver Quintessentials' is just one new aspect of a total 360-degree wellness company, set to make waves in post-pandemic America.

Quiver Quintessentials is a curated line of internal and external supplements that use proprietary formulae in order to help achieve optimal wellness. Owners, Daisy and Corinne, have spent many years on their own wellness journey, making every mistake along the way and celebrating every success. Their hope is that others may benefit from their knowledge and health acumen.
